

ENDLESS POSSIBILITIES,
MEASURABLE SUCCESS

BUSINESS APPLICATIONS CATALOG

From Mobile and Cloud, to Cost Control and Security solutions, KYOCERA is committed to providing business applications that seamlessly and securely integrate with our MFPs.

Developed by KYOCERA or third-party solution providers, these applications optimize your hardware investment and develop workflows to suit all of your business needs.

TRANSFORM YOUR HARDWARE INVESTMENT INTO A POWERFUL WORKFLOW TOOL

The feature-rich KYOCERA MFPs seamlessly integrate within virtually any network environment or platform, including Windows, Mac, Novell, and UNIX. Built on KYOCERA's award-winning product platform, they combine proven productivity with a highly scalable architecture to keep your information flowing.

From mobile and cloud, to cost control and security solutions, KYOCERA is committed to providing our customers with enhanced business applications, powered by HyPAS, KYOCERA's robust software development platform. Developed by KYOCERA or our third-party solution providers, these applications optimize your hardware investment by expanding the capabilities of your MFP – all from the comfort of a single device.

We get to the heart of your critical business challenges, with a personalized, single source approach that helps streamline your entire document workflow to reduce costs, increase workplace productivity and efficiency, and deliver exceptional results you can count on.

STREAMLINE YOUR DOCUMENT WORKFLOW WITH CUSTOMIZABLE SOLUTIONS THAT SIMPLY AND SECURELY INTEGRATE WITH YOUR KYOCERA MFP

CAPTURE & DISTRIBUTION
Transform hard copies into digital documents for simplified distribution and storage

DOCUMENT MANAGEMENT
Facilitate workflow with easy document capture, store, share and retrieval

MOBILE & CLOUD
Print and scan on-the-go for document access when and where you need it

NETWORK DEVICE MANAGEMENT
Stay in control of your devices locally or remotely

OUTPUT MANAGEMENT
Power productivity by printing from virtually any environment

COST CONTROL & SECURITY
Manage MFP costs while protecting assets and keeping information secure

CAPTURE & DISTRIBUTION

TRANSFORM HARD COPY DOCUMENT DISTRIBUTION AND STORAGE INTO A SIMPLIFIED, DIGITAL WORKFLOW.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	2MyInbox Increase employee productivity with a simplified one-touch “scan-to-you” e-mail process, saving time and reducing errors.	✓	✓	✓			✓
	AccuSender Securely and efficiently scan and distribute large files greater than e-mail server maximums. Leveraging either a file split function or an existing Hightail.com (formerly YouSendIt.com) account, AccuSender offers delivery confirmation, file password protection, document and Bates stamping, and automatic routing capabilities directly from the control panel of KYOCERA MFPs.	✓		✓			✓
	AccuSender Fax Leverage existing network infrastructure by using this application as the on-ramp to send documents through select corporate fax servers that are already in place. Easily attach scanned paper documents as electronic messages and transmit to a recipient’s fax number.	✓	✓	✓			✓
	DMConnect A robust business application that automates document driven business processes by transforming a KYOCERA MFP into an on-ramp for routing documents into an enterprise’s Document Management System. As a result, businesses can capture, store, retrieve and share files quickly, easily and securely.	✓	✓	✓	✓	✓	✓
	DMS Link Leverage KYOCERA MFPs by seamlessly linking to existing document management systems for fast, streamlined entry of business-specific data (indexing) and hard copy scanning.	✓	✓	✓	✓	✓	✓
	Exchange Connector Scan hardcopy documents and send them as user-identified e-mail attachments to multiple recipients directly from the KYOCERA MFP, while leveraging audit trail features of Microsoft Exchange for security and compliance purposes.	✓	✓	✓	✓	✓	✓
	KYOCERA HomePOINT / KYOCERA HomePOINT Advanced Maximize productivity and leverage existing infrastructure with intuitive scan-to and print from home folder features. Without middleware or server add-ons required, the HyPAS-enabled KYOCERA MFP becomes a bi-directional portal for files stored in the active directory account.	✓	✓	✓	✓	✓	✓
	NSi AutoStore Transform the KYOCERA MFP touchscreen control panel into a feature-rich interface – enabling users to capture, process and route their hard copy documents. Effectively clean up digitized documents, convert them into a variety of file formats and route them to virtually any programmed destination with ease.	✓	✓	✓	✓	✓	✓
	PanelPlus Customize the scanning and copying features on the MFP control panel by creating preset one-touch buttons to maximize document imaging efficiency and reduce errors.	✓	✓	✓	✓	✓	✓
	PinPoint Scan Reduce the need for IT support and enhance document security with simplified scanning through a direct PC or Mac connection and user-defined PIN codes.	✓	✓	✓	✓	✓	✓
	Teaching Assistant Streamline the task of creating, printing, grading and analyzing multiple-choice tests using bubble sheet forms – allowing educators to concentrate on teaching and lesson plan development.					✓	✓

COST CONTROL & SECURITY

MANAGE COSTS ASSOCIATED WITH YOUR MFP WHILE PROTECTING YOUR COMPANY ASSETS.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	AccessLock Control and limit user groups' access to specific functions on the MFP for greater cost savings and security.	✓	✓	✓	✓	✓	✓
	Card Authentication Enable administrators to improve device security and track usage for reporting purposes utilizing existing HID employee identification cards.	✓	✓	✓	✓	✓	✓
	CentraQ Pro Bring cost-effective print management to the organization by tracking usage data of networked KYOCERA devices. CentraQ Pro's advanced tracking and cost accounting capabilities will help businesses reduce costs and improve productivity while keeping information protected.	✓	✓	✓	✓	✓	✓
	ColorLock Manage budgets by limiting color usage of KYOCERA color MFPs with PIN codes and the creation of a "Public Access" button, eliminating the need for a passcode in black and white mode.	✓	✓	✓	✓	✓	✓
	Cryptek Protect networks by requiring user authentication via a smart card (CAC/PIV) and PIN, subsequently preventing unauthorized users from accessing confidential information or distributing unauthorized materials.				✓		
	Jamex Provide a secure, stable and reliable payment and tracking solution for self-service copy and print with Jamex NetPad Touch. Available for both credit card processing or account-based tracking and payment, NetPad Touch elevates cost control and chargeback for any organization.	✓			✓	✓	
	Nuance Equitrac Deliver accountability and control of printed output for corporate, education, healthcare, financial services and legal markets with Nuance Equitrac. Nuance's solutions are mission-critical to all companies looking to effectively manage their printing environments, reduce printing costs, increase security and promote environmental sustainability.	✓	✓	✓		✓	✓
	OCM Enhance productivity and reduce document output costs with OCM's scalable turnkey secure print, cost recovery solution.			✓		✓	✓
	PaperCut MF Cost-effective print/copy management and tracking solution ideal for educational institutions and businesses. This cross-platform solution facilitates accounting, secure and mobile print release, print archiving, and mobile print capabilities.					✓	✓
	Pcounter Optimize MFP usage and reduce waste by managing the workflow of documents that are being printed, copied, scanned or faxed.	✓					✓
	Print Audit Print Audit Embedded helps recover document costs, and increase printing security and productivity directly from the control panel of KYOCERA HyPAS-enabled MFPs. Print Audit Embedded is a complete document tracking, charge-back and secure release solution that eliminates the need for external hardware.	✓				✓	✓
	RF IDEas Blend the need for security and convenience by utilizing the existing employee ID badge for authentication and identification through RF IDEas – creating a proven, secure solution that reduces paper and toner costs, and adding an additional layer of security.		✓	✓		✓	✓

COST CONTROL & SECURITY (continued from previous page)

MANAGE COSTS ASSOCIATED WITH YOUR MFP WHILE PROTECTING YOUR COMPANY ASSETS.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	Ringdale FollowMe Help organizations reduce cost, protect valuable data and optimize the efficiency of printing environments with FollowMe, the trusted solution for cost-effective office printing. FollowMe grows with the needs of the business, delivering continuous improvement to document workflow.			✓		✓	✓
	Sepialine Argos OnBoard for Kyocera is part of the Argos Print Management solution, that tracks and controls print, copy, scan and fax activity on a wide variety of printers and MFPs. It also provides user authentication and print, copy and scan tracking to any HyPAS-enabled KYOCERA MFPs.	✓					✓

MOBILE & CLOUD

TAKE ADVANTAGE OF PRINTING AND SCANNING CAPABILITIES ON THE GO FROM TODAY'S MOBILE AND CLOUD TECHNOLOGY.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	AirPrint Take advantage of driverless printing from iOS and OS X products to select KYOCERA devices.	✓	✓	✓	✓	✓	✓
	Cortado Access files scanned from KYOCERA MFPs on the go to support the mobile workforce's anytime/anywhere document requirements.	✓	✓	✓	✓	✓	✓
	EFI PrintMe Increase workplace productivity with Apple mobile device direct printing from a KYOCERA Fiery-enabled MFP.						✓
	EveryonePrint Secure mobile printing from any smartphone, tablet, or mobile device to any KYOCERA Printer or MFP. Integrates with existing networks and expands the capabilities of mobile workers.					✓	✓
	Google Connector Google Connector enables users to access, search and print Google e-mails, attachments and calendars directly from any HyPAS-enabled KYOCERA MFP using the device's control panel.	✓	✓	✓	✓	✓	✓
	KYOCERA Cloud Connect Connect users to their Evernote or Google Drive cloud storage directly from a KYOCERA MFP touchscreen for anytime/anywhere document scanning and printing.	✓	✓	✓	✓	✓	✓
	KYOCERA Mobile Print Effortlessly facilitate the printing, storage and retrieval of documents at the MFP with this free application for Apple and Android smartphone and tablet devices.	✓	✓	✓	✓	✓	✓
	KYOCERA Mobile Print for Students Leverage the technology of KYOCERA Mobile Print without compromising the parental control feature of the student's tablet and smartphone devices.					✓	

DOCUMENT MANAGEMENT

EASILY CAPTURE, STORE, SHARE AND RETRIEVE YOUR DOCUMENTS.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	<p>ArtsylTech</p> <p>Regardless of document type, integrate and collect incoming paper and electronic documents from KYOCERA MFPs, user desktop or department scanners and fax servers intuitively without the need to set up predetermined profiles. ArtsylTech SimpleCapture automatically categorizes a document based on its attributes and learns as it goes.</p>		✓			✓	✓
	<p>DocuWare</p> <p>Enable any size organization – in any industry – to transform documents into valuable capital. Regardless of format or source, DocuWare automates business processes and workflows by electronically managing and sharing documents. Documents are readily available, where and when needed; one search quickly locates related documents.</p>		✓		✓	✓	
	<p>Drive</p> <p>Optimize business processes by giving clients unprecedented control over their information with Drive, an award-winning developer of document management, imaging, mobile and workflow applications. Drive’s innovative solutions support the entire document life cycle and are seamlessly integrated with the control panel of KYOCERA HyPAS-enabled devices.</p>	✓	✓	✓			✓
	<p>GoldFax</p> <p>Fax enable all KYOCERA HyPAS-capable MFPs without the added cost of fax hardware or the need to connect a fax line. The GoldFax Connector improves productivity and adherence to regulatory requirements.</p>	✓	✓	✓	✓		✓
	<p>MaxxVault</p> <p>A scalable document management solution, MaxxVault Enterprise assists organizations of any size in reducing costs and improving productivity through an automated process for moving documents quickly and efficiently through an organization for review, analysis, processing and approval.</p>		✓	✓			✓
	<p>OnBase Connector</p> <p>With Kyocera’s OnBase Connector, you can scan, index and route documents into Hyland Software’s OnBase 13 application directly from your KYOCERA MFP.</p>		✓	✓	✓	✓	✓
	<p>OpenText Alchemy Connector</p> <p>Streamline and automate document processing across your business while creating a controlled environment for document storage with the OpenText Alchemy Connector for KYOCERA HyPAS-enabled MFPs.</p>	✓	✓	✓			
	<p>PreservDOX</p> <p>PreservDOX allows you to store critical business documents on your designated KYOCERA MFP’s hard drive, for increased protection and document backup.</p>	✓	✓			✓	✓
	<p>RightFax Connector</p> <p>Consolidate all faxing services on the network, giving users convenient access to faxing capabilities on the same devices used daily for printing, scanning and copying. Allows for reduced operating costs while adhering to security and compliance requirements.</p>		✓	✓	✓		✓
	<p>SentryFile</p> <p>Digitize filing systems via a Web-based application for a comprehensive online document management solution. SentryFile, when combined with KYOCERA MFPs, allows for rapid deployment, ensures compatibility with virtually all platforms and devices, and addresses disaster recovery initiatives.</p>		✓			✓	✓
	<p>SharePoint Connector</p> <p>Utilize your existing Microsoft SharePoint solution and KYOCERA MFPs to transform paper-intensive environments into efficient digital workflows. Helps reduce operating expenses and improves efficiency and accountability by providing an audit trail for documents that were traditionally stored in hard copy format.</p>	✓	✓	✓	✓	✓	✓

NETWORK DEVICE MANAGEMENT

OPTIMIZE, TRACK AND MANAGE NETWORK DEVICES FROM LOCAL AND REMOTE LOCATIONS.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	Command Center RX Enable users to view toner levels, paper availability and device status by entering the device's IP address into their Web browser.	✓	✓	✓	✓	✓	✓
	KX Driver A single interface print driver, regardless of PDL, designed to simplify the use of all print features such as page orientation, duplexing, number of copies and private print capability. Enhances security and user control of their printed output.	✓	✓	✓	✓	✓	✓
	KYOCERA Net Admin Allow IT administrators complete control over their fleet with a Web-based device management solution. Offers customizable views for device groups according to dynamic criteria and comprehensive display of device information.	✓	✓	✓	✓	✓	✓
	KYOCERA Net Viewer Comprehensive network management tool allowing administrators to monitor, maintain and update all output devices locally and remotely.	✓	✓	✓	✓	✓	✓
	Language Exchange Allow users in multilingual environments to operate the KYOCERA MFP control panel in their native language. Supporting French Canadian, Spanish and Portuguese, these applications allows users to switch from the device default language to their native language with a single touch, simplifying device operations..	✓	✓	✓	✓	✓	✓
	SAP Device Types Complete integration with SAP applications allows users to fully optimize KYOCERA MFPs and printer feature sets.	✓	✓	✓	✓	✓	✓

OUTPUT MANAGEMENT

PRINT YOUR BUSINESS DOCUMENTS AND DYNAMIC FORMS FROM VIRTUALLY ANY ENVIRONMENT.

		LEGAL	HEALTHCARE	FINANCE	GOVERNMENT	EDUCATION	ENTERPRISE
	EFI Fiery Integrated digital printing solutions, including scalable servers, controllers and RIPS, increase productivity and provide outstanding color and image quality.	✓	✓	✓	✓	✓	✓
	Objectif Lune Enhance business processes with Objectif Lune transactional printing and workflow automation solutions. Deliver real-time capture of signatures and changes to transactional documents to provide users with a completely touchless data and document workflow.			✓			✓
	PRESCRIBE Create, store and print frequently used forms directly from a KYOCERA MFP, saving on business resources such as network bandwidth, storage space, cost of letterhead or form printing, and costs associated with inventory management.	✓	✓	✓	✓	✓	✓
